

**Tobias Oliver** is an electronic dance music dj and producer based in Vienna. He takes up deejaying in the mid 90ies in Ravensburg, Germany.

In 2009 he founds his own label **Superdisko Recordings** and as well the electro band **Datawelt** together with Patrick Kong and Chris Campregher.

**Human Technology** from **Datawelt** comes out in february 2011 as 12" vinyl only and storms the electro charts of some record stores in europe.

As well in 2011 he opens with his first 12" vinyl single **Obsession/Out Of Space**. The Obsession Rework by **Ken Hayakawa** was released on **Schönbrunner Perlen 18** in November 2018.

In 2018, together with **Sophie Geymüller** he starts the **Juno Lovers** project. The debut single **Going Back** of **Juno Lovers** was released on **Superdisko Recordings** in December 2018.
